FOR MĀORI IN THE PHARMACY SECTOR

Kia ora koutou katoa. We are inviting all those pharmacists, pharmacy pre-registrants and pharmacy students who identify themselves as Māori to register with “Ngā Kaitiaki O Te Puna Rongoā O Aotearoa - The Māori Pharmacists’ Association.”

The purpose of collecting ethnicity data is to establish clearly the level of involvement of Māori professionals in the pharmacy sector. At the time of establishing the Association (2003) Māori made up 0.7 - 1% of the work force, but 10-12% of the population. The statistics have limited accuracy and this form aims to expand the capture of this information.

This information remains the property of “Ngā Kaitiaki O Te Puna Rongoā O Aotearoa - The Māori Pharmacists’ Association” and shall not be passed on in any manner so as to identify individuals, unless you give us that express permission. Generalised data can be passed on without specific reference to individuals.

We would welcome your data regardless of whether you would like any further contact or involvement in the Association. Having said that, we invite all those pharmacists, pharmacy pre-registrants and pharmacy students who are Māori to contact us. Tū hia mai e te hunga tautoko.
